ADROL SPRINT 4T
API SL, SAE 20W-40

FOUR-STROKE MOTORCYCLE ENGINE OIL

_____

DESCRIPTION

ADROL SPRINT4T 20W40 API SL is high quality engine oil designed to meet the requirements of four-stroke motorcycle engines.

APPLICATIONS

● Air and liquid-cooled four-stroke motorcycle engines
● Particularly suitable for Japanese high performance motorcycle engines
● Motorcycles with and without oil immersed clutches
● Motorcycles with combined engine/transmission units or separate gear boxes wherea multigrade engine oil is specified
● Motorcycles with back torque limiters
● Motorcycles with exhaust catalytic converters
● Latest generation, four-stroke scooter engines
● Four-stroke gasoline engines fitted to portable power equipment, such as generators, mowers, etc.

PERFORMANCE STANDARDS

● API SL
● JASO MA2

BENEFITS

● Prolongs engine life
● Saves on maintenance
● Lively throttle response
● Good all-temperature protection

ENGINE OIL KA SUPERHERO

KEY PROPERTIES

SAE GRADES	20W-40
Appearance	Red& Bright
Viscosity @ 40°C (mm²/s)	128cSt
Viscosity @ 100°C (mm²/s)	15 cSt
Viscosity Index	126
Pour Point (°C)	-18
Flash Point (°C)	220
TBN, mgKOH/g, (ASTM 2896)	5.3

*Test Results are based on the Samples.

BS6 READY

ENGINE OIL KA SUPERHERO
